

## SPECIAL EVENTS AND MOVIE SHOOTS

Hudson Bay Mountain Resort has a long history of hosting unique events and supporting film and television productions in a truly northern, alpine setting. From large-scale movie shoots to community events and brand activations, our mountain offers a versatile backdrop paired with an experienced, supportive operations team.

### Film & Television Productions

HBMR has proudly supported a variety of film and television projects over the years, including major productions such as *The Grey*, *Eight Below* and *The Mother*, among others. Our terrain, snowfall, and rugged natural landscape make the mountain an ideal location for productions seeking an authentic alpine environment.

Working closely with filmmaker and industry professional Jim Simonelli, Hudson Bay Mountain Resort has developed a strong understanding of the logistical and creative needs of film crews. From initial scouting to on-mountain coordination, our team is experienced in facilitating efficient, safe, and successful shoots. Hudson Bay Mountain Resort has developed a strong understanding of the logistical and creative needs of film crews. # What We Can Offer

## Facilities & Lodge Access

We offer a variety of lodge and indoor spaces that can be used for production needs, including:

- Full lodge rentals with WiFi access
- Partial lodge rentals
- Dedicated staff rooms with WiFi
- Interior spaces suitable for production offices, warming areas, catering, or talent holding

A designated lodge liaison can be provided to support day-to-day coordination and facility access.

## On-Mountain & Operational Support

Our experienced operations team can assist with:

- Dedicated operations liaison support
- Certified first aid and safety personnel
- Additional on-mountain workers to support logistics, setup, and coordination
- Run closures or controlled terrain access, as required

Safety and operational efficiency are a priority, and all support is coordinated closely with production teams.

## Locations & Site Access

Hudson Bay Mountain Resort offers a range of filming locations and controlled access areas, including:

- On-mountain filming locations
- Base area and parking lot access
- Controlled run closures
- Designated staging and equipment areas

Our team works closely with productions to manage access while minimizing disruption to regular operations.

## Rolling Fleet & Equipment

We can provide access to a range of mountain vehicles and equipment, including:

- Snowcats with operator support
- Snowmobiles with operator support

- Loaders and heavy equipment for snow management and site preparation

These resources allow productions to move equipment, manage terrain, and access remote locations efficiently.

## Site Preparation & Cleanup

To maintain safety and mountain standards, HBMR supports:

- Site access preparation and grooming
- Post-shoot cleanup, including removal of fencing, signage, bamboo, and debris
- Coordination to restore terrain and public areas following production use

## Additional Services

Additional support options include:

- On-site gear rentals
- Flexible staffing and scheduling based on production needs
- Coordination support for both short- and long-term projects

*(Detailed rate information is available upon request.)*

## Special Events

In addition to film and television productions, HBMR is well-suited to host a variety of special events. Whether it's a private gathering, brand activation, community celebration, or corporate function, our team can help bring your vision to life.

Our event capabilities include:

- Custom event planning and coordination
- On-mountain and base-area venues
- Food and beverage options
- Lift access for private or after-hours events
- Support staff and operations management

## Let's Work Together

We take pride in being a collaborative and adaptable partner for productions and events of all sizes. Whether you're planning a film shoot, commercial project, or special event, Hudson Bay Mountain Resort offers the experience, terrain, and support to make it a success.
